#### Our Amazing Sun (Level 1-2)

Within this resource, students will learn and share ideas about why the sun is important in our lives and its many uses, as well learning about our solar system.

#### Equipment use idea:

Help students remember the location of the planets in our solar system and how they orbit around the sun. Create a large map to lay on the classroom floor (bolts work best on a hard floor). Use the slideshow 'Our Amazing Sun' (slide 5) to draw the planets of our solar system on the map. Code the bolts to move around the map from the outside, ending on the sun in the middle.
